

INGSA Research Associates Grant Programme 2019

List of eligible project countries¹:

Note, for applicants to be eligible:

- Applicants must be living and working in one of the countries listed.
- Projects must relate to the science advice system as they pertain to one of the countries listed.
- If required, country clearance requirements will be determined and communicated to the short-listed candidates for information and action if necessary. This may cause significant delays in beginning the research.
